

Pledge

Ellen Ripley for President

What I hope to achieve if I am elected:

If elected I would aim to:

- Ensure that airlocks are used appropriately in order to reduce the chances of xenomorphs entering the ship.
- Take action on sexist attitudes towards crew members.
- Delegate external work to less curious crew members.

I believe that these steps are crucial to creating a safer working environment for all members of the USCSS Nostromo. As well as this, I believe these changes are achievable in the timeframe given to an elected president.

What I will bring to the role

- I am a very experienced warrant officer and feel that this puts me in the perfect position to understand the needs of my crew members, as well as what it would take to implement the necessary changes.
- I was the only one who escaped during the first movie so you can rest assured I am reliable and resourceful.
- I am very proud of the ship I work on and loyal to its crewmates, even when it is not reciprocated.
- I am calm in the face of danger and I won't back down, even against the fiercest foe!

Why should you vote for me?

- I believe I have proven myself to be a trustworthy and dedicated member of this team.
- I PROMISE to prioritise the lives of all crewmates aboard this ship and will NOT recklessly risk the safety and security of anyone.
- My track record of surviving disasters, shows my ability to plan on my feet and handle the most stressful of situations.
- Cats love me!
